

# SPEND A WEEKEND PLAYING DUNGEONS & DRAGONS

Players bring the Character, the Gamemaster brings the Conflict. As problems are solved, the players tell a story around the table, providing **homemade entertainment** for all.

I believe any game can help our children develop these life skills:

- **Active Listening**
- **Lateral Thinking**
- **Creative Worldbuilding**
- **Executive Decision Making**

I know that we can have fun while rolling dice, creating characters and completing quests together with **Sojourners, Awake!**

**Ages 11-17**  
**Friday 4pm to Sunday 2pm**  
**November 4th - 6th 2022**
